

SUMMARY OF HEALTH CONSUMER ORGANISATIONS SUPPORTED BY CSL BEHRING

Reporting Period: 01 Jan 2024 - 31 Dec 2024

Company Name: CSL BEHRING

Name of Health Consumer Organisation	Description and/or purpose of support	Nature of support - monetary value (or equivalent) or description of non-financial support
Haemophilia Foundation Australia	<p>Haemophilia Foundation Australia (HFA) is a national patient support organisation that represents people with bleeding disorders. Their main work is achieved through education, advocacy and the promotion of research.</p> <p>Support was provided to HFA to enable a HFA representative to attend the World Federation of Haemophilia Congress held in Spain from 21-24 April 2024. The support covered an economy flight to Spain, congress registration, transfers and 5-nights' accommodation. The value of this support was \$5,500.</p> <p>CSL Behring additionally supported the HFA in developing educational materials to support gene therapy education. This included a variety of communication methods such as podcasts, print media and animations for people living with haemophilia. The funding also assisted with the development of an educational hub on the HFA website. The value of this support was \$41,625.</p>	\$47,125
HAE Australasia	<p>HAE Australasia is a not for profit patient advocacy organisation, dedicated to providing support to Australian and New Zealand hereditary angioedema (HAE) patients and their families, as well as raising awareness of HAE resulting from C1-inhibitor deficiency.</p> <p>CSL-Behring supported HAE Australia in developing and running 3 educational webinars for patients and their family members. The webinars enabled participants to learn about HAE, treatment options and self-care strategies. The value of this support was \$7,000.</p>	\$7,000
Liver Foundation	<p>The Liver Foundation is an organisation that raises awareness of liver health, supports patients with liver disease by connecting them with resources and services to help them manage their condition, and advocates for policy change. CSL-Behring supported the Liver Foundation in the development of their patient information resource titled "Understanding Cirrhosis". The resource enables patients to understand their condition and help reduce the anxiety related to the diagnosis. It also details the importance of disease management and working with their healthcare professionals to manage their condition. The value of this support was \$10,000.</p>	\$10,000
